Hi,

Labor budget is approximately \$180K per year.

It's a total of 6 people on staff, with 5 people on each day (Monday-Saturday).

Total hours per week 172.

Average hours- per sweeper/per week is 26 hours.

Supervisor is at 40hrs/wk.

Items like pressure washing, dump fees, supplies, truck lease, etc. not included.

Hey there ,

I wanted to find out if you could tell me how many people you employ with your clean team budget, and how many hours each of them are working. We are trying to figure out how many people that amount of money reasonably supports. It doesn't need to be an exact amount, just an average if you have that information.

Thanks a million!

Best,
